## Your out-of-class teacher.

Complement your in-class learning with the 3M™ Littmann Learning App today.

Download for free\* on the App Store® or Google Play® Store.

The app content is available in English only.

\*Upgrade to additional features with subscription purchase.

# Learn at your own pace.

## 3M™ Littmann Learning App

Designed to help users better recognize benign and pathological heart and lung sounds.

### To complement in-class learning, students can download the app for:

- Visual display of heart and lung sounds and frequencies
- Self-paced learning and testing
- Background reading material
- Graduated learning modules ranging from novice to advanced
- Access to 1,000+ real patient heart and lung sounds

Download the free\* learning app now on the **App Store®** or **Google Play® Store**.

\*Upgrade to additional features with subscription purchase.

## Listen first.

Each app is a training and education tool and not intended for patient diagnosis or treatment.
